

Vol. 153

July 28, 1912, Simonsville, Sierra
ananta, 1000 ft. above sea level

13368 Grass, Rocky hillside

13369 Herb, 5-9 in. fl. winged, in
grass among stones.

13370 Rubicous herb 4-8 in. fl. l. l.
blue. in grass among stones

13371 Asplenium, on ground in
darker shade, among larger rocks

13372 Siliceous Vine to 10 ft. cut the parent
dark pink, inner yellow green, with purple spots
on the leaves. On crevices of rocks

13373 Urtica, 6-10 in. small leaf. (lact)
in crevices of rocks

13374 Shrub 6-10 ft. fl. bright red

✓ Erythroxylum? Among stones

13375 Pilra? herb 3-8 in. infl red-
dish, stem & foliage often red
On rocks on rock cliff

13376 Shrub, tree like - to 10 ft.
Quercus? inner bark orange red

13393 Herb. ...
in view of rocks

13394 Vine - woody, many feet
thick on rocks

13395 Herb. ? 3-4 ft, fls white
among rocks

13396 Sclerocarpus - fruit
creeping on dry rocks. Cultiva

13397 H. ... ? creeping, close on
high rocks, fruit yellow

July 29 to cover passing of Rio
Cuyaguateja, under mouth of
Sierra - two cans separated by a
completely naked in valley about one
mile long. = Potrero

13398 Vine 8-10 ft, fruit orange-red - fls white
Solanaceae, thickets

13399 Urticaeae, vine-like 3-5 ft over
rocks in shade fls white

3400 Herb, 4-5 ft. corolla irregular, yellow.
among rocks at cave

13401 Weak shrub 6 ft. 3-4 in. of
vells, fl. white, fl. yellow

13402 G. p. *Adiantum* fronds dichotomous, upper
shaded, lower in valley

13403 "Polypodium" entire - shaded
rocks, in valley

13404 7-8 in. - like or stem like 3-4 ft.
fl. white, shaded back of rocks in valley
about mouth of cave

13405 Herb, herb 4-5 ft. corolla irregular, yellow.
among rocks at cave

13406 Shrub to 10 ft. fruit dark red
among rocks at cave

13407 *Adiantum* - triangular segments
shaded rocks at cave

13408 *Croton*, infl. red, 6-8 in. ^{dry} crevices of
rocks in shade, mouth of cave

13409 Malpigh. pendent shrub sides of
cliff by cave fl. white

13410 Slimy herb 3-5 ft. fl. white, fl.
red to black among rocks, mouth of
cave

13411 Shrub 3 ft. pendent as principal
fol. fleshy, capsules black. mouth of
cave

13412 Shrub 5-7 ft. pendent, fl. white.
mouth of cave

13413 Pendent shrub 3-6 ft. 5-10 ft.
fl. 2-3 in. white, mouth of cave

13414 *Coccoloba* ? 5-6 ft. corolla white, fl.
dark fl. white, side of precipice by cave

13415 *Capparis*, pendent shrub 6-8 ft.
fl. white, mouth of cave

13416 *Psychotria* soft shrub 6-8 ft.
fl. white, fl. white, mouth of cave

13417 Fern, among dry stones, near
mouth of cave

13418 *Psychotria* 3 ft. teriaceous, fl.
white, among rocks, near mouth of cave
Southern mouth of cave

13419 *apoc. vine* 8 ft. fl. white "jading"
to yellow, thick 50. mouth of cave

13420 Tree to 30 ft. fruit blue when
fully ripe

13421 *Erythroxylon*, tree 15 ft., capious
fruit, red, velvety skin. 50 mouth of cave

13422 Vine, hairy, to 6 ft. stinging
velvety thick, 50 of cave
valley. "Portraits" *liturum* two
caves, entirely enclosed by high, propin-
dular *Sinas*.

- 13423 Shrub 2 ft. on dry rocks near Rin
 13424 Tree 20 ft. n. p. plant red
 along river
- 13425 Fern, shaded rocks, along river
 P. n. p. fern
- 13426 Small triangular fern, rocks at
 mouth of 2nd cave.
- 13427 Adiantum, p. g. l. 1' near mouth of
 2nd cave
- 13428 Shrub, 3-5 ft. pendulous from face
 mouth of 2nd cave. fls. white.
- 13429 Adiantum, elongated fronds
 moist rocks, mouth of 2nd cave
- 13430 Shrub 2-4 ft. side of precipice
 mouth of 2nd cave, fr. greenish. fls.
 bright red
- 13431 Soft shrub 3-5 ft. fls. white
 thickets near mouth of 2nd cave.
- 13432 Adiantum, leaf large, little
 divided, stands of them near 2nd cave
- July 31 'Sierra' at town, rising to
 about 6000 ft. alt., almost no soil, all
 dry rocks
- 13433 Shrub 2-⁶ ft. side of cliff fl. bright
 orange red. Rubraera

- 13447 Shrubby tree to 13 ft. Small fragrant
white fls. dry rocks
- 13448 Tree to 20 ft. fls. white
redia. dry rocks
- 13449 Tree to 25 ft. Shrubby
high dry rocks
- 13450 Grass-like vine 10-20 ft. over
rocks. Small fls. whitish
- 13451 Spring leaf shrub 10 ft. fls. red
high dry rocks
- 13452 Small tree 10 ft.
fls. lobed. High dry rocks
- 13453 Small tree to 10 ft. fls. brown
high dry rocks
- 13454 Tree to 13 ft. fls. oblong
fleshy, white. High dry rocks
- 13455 Spring shrub 4-6 ft. small leaf
elongated capsules. 20 ft. high dry rocks
- 13456 Scab. vine, woody, many part
over cliff fls. 4x 1/2 in. some
- 13457 Epidendrum coelibratum?
high rock with prominent yellow, inner purple
tube
- 13458 Adiantum, cane like more
in high cliff
- 13459 Fleshy vine, creeping over
top of high dry rocks

- 13460 Shrub 3 ft. fls. white. among
shaded to high dry cliff
- 13461 Solanum narrow pinna
among shaded rocks
- 13462 Shrub to 6 ft. Psychotria?
among shaded rocks
- 13463 Grass-like vine 2 ft.
shaded rocks
- 13464 Croton 18 to 24 in. fls. white
fleshy - base of cliff Herb?
- 13465 Cissus, vine several feet
fls. yellowish, base of cliff
- Aug 2nd Higher Sierra so, west
of "town"
- 13466 Vine 6 ft. fls. fragrant white,
fruit globose, trilobed, white. smaller
conspicuous among rocks
- 13467 Sygodium vine 4-5 ft
leaves, among rocks
- 13468 Woody vine 4-6 ft. dry rocks
fls. dark reddish purple Bignonia
- 13469 Tree to 15 ft. Exostema fls.
white capsules brown, among dry rocks
- 13470 Woody vine to 10 ft. fls. white
throat yellow Bignoniaceae, among rocks
- 13471 Tree to 20 ft. fleshy fls. black
among dry rocks

13472 Tree to 30 ft. fl. orange red.
among rocks

13473 *Spideadrum* on dry, damp, among
rocks, yellow, brown, among rocks, yellow

13474 *Spatterdock*, large dry rocks, damp, tree
to 30 ft. with numerous fruit stalks

13475 Straggling tree to 12 ft. fl. brown
among dry rocks. *Broussaisia*

13476 *Broussaisia* at top of highest rocks
up to 5 ft. or higher, green, among rocks
up to 5 ft. little when warm from below
then full of water and used when
thirsty, 1 plant yields about 1 pint

13477 Strict shrub 10 ft. fruit 2 in in diam.
brown. *Grampa*? dry, red, fl. long pedicel

13478 Tree to 25 ft. fl. white
dry rocks =

13479 Tree to 35 ft. fl. white. *Grampa*
damp places among rocks

13480 Shrub or tree to 10 ft. fl. white
among dry rocks

13481 Woody vine 30 ft x 1/2 in fl. bright
blue, glaucous, bitter, among rocks

13482 "*Cordia*" Bush to 10 ft. fl.
orange red, fls. white, on rocks

13483 *Ficus* Tree to 15 ft. fl.
dark yellow among rocks

13484 *Ficus* Tree to 10 ft. fl. white
among rocks

13485 Tree to 10 ft. fl. white
among dry rocks

13486 Woody vine to 30 ft. fl. blue
among rocks

13487 *Broussaisia* large tree
on rocks

13488 *Asclep.* Tree 15 ft. small
fls. yellow, on bushes among rocks

13489 *Asclep.* Tree to 10 ft.
inf. dried, green, on tree among rocks

13490 *Holmbergia*? on rocks & trees
about 1500 ft. alt. last in group

13491 Fl. yellow vine 15 ft. ripe fl. white
fls. yellow, on trees among rocks

13492 *Broussaisia* 7 ft. in warm fol.
th. green, on trees among rocks

13493 Weak shrub to 6 ft. fl. fleshy
white among rocks

13494 *Cordia*? Tree 15 ft. fl. white
among rocks

13495 Shrub 6 ft. fruit very abundant
among rocks

13496 *Broussaisia* fol. bluish, bracts
red, corolla blue, on trees among rocks

13497 Orchid, fls. lilac greenish, growing
very downy, d. white, among rocks
at base of high, yellowish cliff

13498 Orchid, fls. red tinged, base
lilac, on two trunks and roots

13499 Woody grass to 3 ft. among rocks
in pasture

Aug 4 Highest Sierra, S.W. of
"town" (Summit)

13500 Santana rock at base of
Sierra fls purple

13501 Polypodium, entire pinn, base
of Royal Palm, foot of cliff

13502 Cyperaceae, shade base of
rocks

13503 Passiflora, twigs vine 2-3 ft
globular pink black, climbing over rocks

13504 Grass, broad leaf, fl. silicles
in shade among rocks

13505 Creeping grass, shade
among rocks

13506 Asclep. vine woody, many fls;
fls white, thickish among rocks

13507 Ficus. spreading tree to 50 ft
largest tree on Sierra, among rocks

13508 Asclep. Vine. small fls yellow
over bushes among rocks

13509 Asclep. vine, fls. white
among rocks

13510 Shrub to 10 ft, fls. blue
top of black rock

13511 Smilacina, woody vine, over
bushes among rocks

13512 Silene, vine to 10 ft, capsule
greenish, among rocks

13513 Shrub, 10 ft, fls. yellow
base of - 13510 top of rock

13514 Comp. hard herb 4-5 ft.
fls white high rocks

13515 Small tree 12 ft
capsule 3-lobed, among rocks

13516 Capparis, bushy tree to 15 ft
top of high cliff fls light brown

13517 Shrub, erect 4-6 ft, fls white
top of dry rock

13518 Vine 10-12 ft, top of dry rock
fls blue, large, numerous

13519 Asclep. Vine 8 ft, glossy
leaf, milky - fls white over rocks

13520 Small tree 15 ft, edge of high
cliff, Guttiferous

13521 Herb. to 6 ft, woolly white leaf
grassy top of cliff

13522 Grass cliff

13523 Shrub to 11 ft. yellow, top of cliff

13524 *Antirrhinum*, comp. 10 ft. fls pink, on bushes of silica

13525 *Loiseleuria* v. 8 ft. tripartite, fruit green, on rock cliff

13526 Shrub to 10 ft. x 1 1/2 in fl. blue among rocks

13527 *Stigmatoplyllum* fl. yellow, top of cliff

13528 *Brachyura* fl. blue on bushes among rocks

13529 Grass top of highest silica

13530 Tree 15 ft. top of highest cliff

13531 Grass up of highest cliff

13532 Shrub to 5 ft. woolly underneath fls pink top of highest silica

Aug 6 Sierras S.W. of "town" with Brother Siron

13533 Shrub to 10 ft. fls yellow, on rock cliff

13534 Shrub to 10 ft. fls yellow, on rock cliff

13535 Shrub to 10 ft. fls yellow, on rock cliff

13536 Shrub, shady base of cliff

13537 Shrub, 20 ft. fls yellow, on rock cliff

13538 Shrub 10 ft. fls blue, base of limestone

13539 *Paspalum* hairy stem, 2 ft. base of limestone

13540 *Psychotria* 4 ft. fls whitish among limestone rocks

13541 Grass, 2 ft. *Panicum*? among moist limestone rocks

13542 *Pilea* 2-3 in on face of limestone cliff

13543 *Adiantum* shade of limestone thickets

13544 Broad leaved grass shade of limestone thickets

13545 *Zingiberaceae* herb 6-8 ft. fl. stem 2 ft. from root, corolla yellow, fls red.

- 13546 *Juglans*, 2 ft. in black soil
among low stems, etc.
- 13547 *Eupatorium*, 5 ft. tall
on line with in shaded place
- 13548 *Juglans*, Tree 3 ft. in diam
spreading, 2 ft. high, among low stems
- 13549 *Piper* shrub, 3 ft.
among low stems, etc.
- 13550 *Asplenium* shrub, 4 ft.
shaded limestone rocks
- 13551 *Ficus*, tree 25 ft.
among low stems, etc.
- 13552 *Polyalthia*, erect, 1 ft.
shaded limestone rocks
- 13553 *Wiphaeophora*? under
side of overhanging big rock

- Aug 7 — Among *Smilax*,
siliceous formation, along
stream, near Brother's cave
- 13554 *Andropogon*, shrub, 5 ft.
fl. pinkish, near the stream
- 13555 *Salvia* 2 ft.
moist thickets
- 13556 *Andropogon*, herb 2 ft. in diam
— being dried in the sun

- 13557
- 13558
- 13559
- 13560 *Triplaris* shrub, 2 ft. in diam
white flowers, among low stems, etc.
- 13561 *Verbena*, soft shrub, 3-4 ft.
young green, 1 ft. thick
- 13562 *Conium* grass, edges of thickets
damp
- 13563 *Ficus*, upright, 1 ft. in diam
thick in fruit
- 13564 *Wiphaeophora* grass, 4-6 ft.
moist thickets
- 13565 *Andropogon*, shrub 4 ft., young green
yellowish, fl. cluster elongated blue
- 13566 *Alimaria* near vine, off
yellow, naturalized in the soil
- 13567 *Herb*? 18 in. fls. blue
dryish hillside
- 13568 *Rubiacous* herb creeping,
fls. white dryish hillside
- 13569 *Herb* 1 ft., fls. yellow Leguminosae
dryish hillside

- 13570 *Eryngium*? in thicket, 1-3 ft
on damp ground, sometimes dry hillside
- 13571 *Fern* from dry steep hillside
climbing 4-6 ft
- 13572 *Grossular*? "bush-rose"
infl red on bush, dry bank
- 13573 *Shrubby shrub* 5 ft.
dry bank
- 13574 *Shrub*, slender to 7-8 ft fl. blackish
moist hillside
- 13575 *Psychotria*? shrub 6 ft.
fls yellowish moist hillside
- 13576 *Herb. Indicaea*? roots bright red
fls white yellow center, moist hillside and
moist hillside and
moist hillside
- 13577 *Shrub* 4-5 ft *Rubraea*, corolla
yellow, fr. red, moist bank
- 13578 *Psychotria*? 5 ft. fls white
near the water
- 13579 *Rondeletia*? shrub 1-3 ft
fls orange red, in sandier soil by water
- 13580 *Grass* on steep bank
near the water
- 13581 *Soft shrub* 4-5 ft., near bank
fls red, fls spindly twisted
- 13582 *Grass*
steep bank
- 13583 *Flowering plant* near water
- 13584 *Shrub* 10 ft. fls white
near water
- 13585 *Andromeda*? fls white, 3 ft.
fls white, 2 ft. near water
- 13586 *Ribes*? fls white, 3 ft.
in moist hillside, near water
- 13587 *Phyllanthus* 2-4 in. dry bank
near water
- 13588 *Soft shrub* fls bluish, 4 ft.
fls white, near water
- 13589 *Cyperus* on rock near
water
- 13590 *Eugenia* shrub to 10 ft. white
fls white, fls = 13590² bank
of arroyo
- 13591 *Tabernaemontana* shrub to 12 ft.
fls green, seeds red, bank of arroyo
- 13592 *Comp. herb* 6 ft.
fls yellow thick
- 13593 *Shrub* 5 ft. fls pink fl red
damp hillside
- 13594 *Shrub* 4 ft. *Rubraea*
fls white, damp hillside
- 13595 *Asclepias* 10 ft
fls 6 in x 2 in damp hillside
